

Office of the Secretary, Interior

§ 17.270

§§ 17.253–17.259 [Reserved]

§ 17.260 Historic Preservation Programs.

(a) *Definitions.* For the purposes of this section, Historic Preservation Programs are those that receive Federal financial assistance that has preservation of historic properties as a primary purpose.

Historic properties means those buildings or facilities that are listed or eligible for listing in the National Register of Historic Places, or such properties designated as historic under a statute of the appropriate State or local governmental body.

Substantial impairment means a permanent alteration that results in a significant loss of the integrity of finished materials, design quality or special character.

(b) *Obligations.* (1) A recipient shall operate any program or activity involving Historic Preservation Programs so that when each part is viewed in its entirety it is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing historic properties or every part of an historic property accessible to and usable by qualified handicapped persons. Methods of achieving accessibility include:

(i) Making physical alterations which enable qualified handicapped persons to have access to otherwise inaccessible areas or features of historic properties;

(ii) Using audio-visual materials and devices to depict otherwise inaccessible areas or features of historic properties;

(iii) Assigning persons to guide qualified handicapped persons into or through otherwise inaccessible portions of historic properties;

(iv) Adopting other innovative methods to achieve accessibility.

Because the primary benefit of an Historic Preservation Program is the experience of the historic property itself, in taking steps to achieve accessibility, recipients shall give priority to those means which make the historic property, or portions thereof, physically accessible to handicapped individuals.

(2) Where accessibility cannot be achieved without causing a substantial impairment of significant historic features, the Secretary may grant a waiver of the accessibility requirement. In determining whether accessibility can be achieved without causing a substantial impairment, the Secretary shall consider the following factors:

(i) Scale of property, reflecting its ability to absorb alterations;

(ii) Use of the property, whether primarily for public or private purpose;

(iii) Importance of the historic features of the property to the conduct of the program or activity; and,

(iv) Cost of alterations in comparison to the increase in accessibility.

The Secretary shall periodically review any waiver granted under this section and may withdraw it if technological advances or other changes so warrant.

(c) *Advisory Council comments.* Where the property is federally owned or where Federal funds may be used for alterations, the comments of the Advisory Council on Historic Preservation shall be obtained when required by section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470), and 36 CFR part 800, prior to effectuation of structural alterations.

§ 17.270 Recreation.

This section applies to recipients that operate, or that receive Federal financial assistance for the operation of programs or activities involving recreation.

(a) *Accessibility in existing recreation facilities.* In the case of existing recreation facilities, accessibility of programs or activities shall mean accessibility of programs or activities when viewed in their entirety as provided at § 17.217. When it is not reasonable to alter natural and physical features, the following other methods of achieving accessibility may include, but are not limited to:

(1) Reassigning aid, benefits, or services to accessible locations.
